Hot stone

Smoothened volcanic stones, suffused with the earth's energies, and natural oils are heated to intensify the effects of the therapy. As these glide over and knead your body, you feel a sense of deep relaxation and balance descend upon you. Especially powerful in stimulating and improving the quality of your sleep.

Thai foot

45 minutes

This ancient therapeutic massage finds its origins in shiatsu, yoga and Ayurveda. The feet and lower legs are vigorously stimulated, sparking a process of rejuvenation in other parts of the body. Natural oils are used in tandem with pressure therapy to relieve and nourish tired feet.

BODY TREATMENTS

Body exfoliation

30 minutes

Exfoliation is a vital deep-cleansing technique whereby accumulated dead cells are gently scrubbed away to reveal fresh, radiant skin. A selection of natural blends is used to nourish and buff the skin, improving cell regeneration and blood circulation. The therapy is concluded with a hydrating application of moisturisers which enhance the effects of the cleanse.

Guests may choose from the following body exfoliation treatments:

Himalayan rice scrub

An ancient ayurvedic preparation, this blend replenishes moisture and restores the skin's natural sheen. Almond and groundnut oils provide nourishment, while rice serves as a lightening agent. Almond powder and grains of Himalayan rice work in fusion to gently remove dead skin cells, revealing a satin-smooth texture as your body takes on a noticeably brighter tone.

Sugar and spice scrub

This luxurious blend melts into the pores and removes toxins, providing nourishing moisturisation. The ingredients deeply hydrate the skin so that its natural brightness is restored and rough spots are softened. Particularly recommended for sensitive skin.

Indian rose, salt and oil scrub

This mineral-rich blend creates gentle abrasion and sloughs away pollutants, detoxifying the skin. The coarse texture effectively refines the pores and draws out impurities to reveal a youthful freshness. You are left with plump, glowing, refreshed skin.

Body envelopment (Body Scrub & Wrap)

60 minutes

The treatment starts with a full body exfoliation to slough away dead skin cells. Your therapist recommends one of three exfoliation treatments after assessing the specific needs of your skin. The application of a masque follows, and the body is cocooned in a heat-inducing wrap to facilitate natural detoxification, firming and nourishment.

Guests may choose from the following body exfoliation treatments:

Moor mud

Harvested from the deep Canadian coast, Moor mud encourages detoxification and energises the skin, restoring its lustre and plumpness. This blend is rich in vitamins and minerals that brighten and sculpt the body. Moor mud removes impurities and reduces sensitivity so that you are left with finer pores, a more defined silhouette and a deep sense of elevation.

Red mud

An indigenous Indian herbal mixture, this cleansing masque envelopes you in a cocoon of heat and nourishment. Select heat-inducing herbs and spices such as ginger, rice and nutmeg are used in combination to relieve muscular stiffness, aches and pains. The masque gently exfoliates the skin, fires up your body's systems and relaxes the nerves.

Indian sandalwood

A centuries-old concoction from ancient India, this masque draws out impurities and conditions the skin deeply. Your therapist lathers your body with the smooth-textured salve, forming a snug sheath of nourishment. Your skin is rejuvenated, bathed in the sweet, earthy aromas of sandalwood that cling to you enticingly for the rest of the day.

HANDS, FEET AND HAIR

Designed to benefit a variety of hair types, our hair treatment revitalises the strands from root to tip. Thoughtfully crafted pedicure and manicure therapies deliver instant refreshment to dull feet and hands. Guests may choose from the following treatments :

Hand

45 minutes

This luxurious therapy for the hands starts with the shaping and cleaning of cuticles. Irregularities are filed away and the nails are buffed to reveal a natural sheen. Gentle exfoliation follows, and your hands are massaged with a blend of aromatic oils. The experience concludes with the application of a nourishing masque and deep conditioning treatment, leaving your hands astonishingly soft and radiant.

Feet

45 minutes

This lavish therapy relieves the tensions and stress held by overworked feet. The nails are skillfully shaped, cuticles cleaned and treated, and a warm soak in a bubble bath provides soothing comfort. Your therapist then exfoliates the skin, sloughing away dead skin cells and impurities. A deep massage is delivered to release muscular knots and fatigue. The treatment finishes with a nourishing masque that seals the moisture and leaves you with soft, smooth, renewed feet.

Lustrous locks

45 minutes

The treatment begins with a restorative head massage using a fusion of Ayurvedic oils, which promote circulation and strengthen the roots. The warm oils deeply hydrate the strands, reduce hair fall and restore health. A cleansing rinse follows, after which the hair is left to dry naturally. The result is glossy, nourished hair.

Nail grooming

Up to 30 minutes

This quick service gives you glamorous nails in minutes. The tips are carefully filed to smooth out irregularities and define the shape. The service concludes with an application of enamel, as desired.

At the Trident spa, our therapists offer nuanced Ayurvedic therapies and recommend appropriate oils and treatments for your body type or 'dosha'.

AYURVEDA FOR RELAXATION

Ancient healing techniques, massage rituals and potions are administered to restore the energy balance of the body, fostering a palpable sense of calm and wellness.

Pinda sweda

75 minutes

Carefully blended, spicy Ayurvedic herbs are soaked in a therapeutic herbal oil to create a warm fomentation. This is then applied to your body, the heat and herbs working to ease muscular stiffness. Your therapist delivers long gliding strokes and tapping techniques to relieve muscular tension, increase lymphatic drainage and soothe tired, aching joints.

Shirobhyanga

45 minutes

A classic Indian head massage, Shirobhyanga uses warm oil applied with gentle and vigorous brushing strokes to activate vital energy points and reduce fatigue. Marma points of the shoulders, neck, scalp and face are stimulated to calm and balance your entire body.

The circulatory and nervous systems are stimulated through symmetrical, rhythmic strokes, gradually balancing the doshas. Deeply relaxing, Abhyanga soothes and re-energises in equal measure.

Padabhyanga

45/30 minutes

Using a heated kasa or bronze bowl, potent with natural healing energies, our therapists apply oil with long and circular strokes to the marma points of the lower legs and feet. This stimulates circulation, relieves muscular stiffness and releases tense knots. Padabhyanga is an ancient treatment that helps the entire body recover its balance.
